Ms Jigna Jolly
Music Therapist
Music for You
Brisbane, Australia

23 January 2021

Dear Ms Jolly,

Re: Mr Aari Vanov

① I am writing this letter to refer Mr Aari Vanov a 69-year-old widower who had been diagnosed with self-neglect behavior which was managed by behavioral management program. He requires your further support through ^{regular} music therapy ^{sessions} as he has good voice and ^{Likes singing.}

② Initially, Mr Vanov was admitted to ^{our} Resident Nursing home 6 weeks ago with the complaint of acopia noticed by a community nurse. At first, he was aggressive and refuse to receive care from a female staff. However, recently his aggression level ~~was~~ ^{has} decreased and ^{he} is calm with the help of behavioural management program. The main concern is, one week prior, he was distracted by Opera in radio while sitting in garden and today, he participates in weekly singalong which he used to avoid before. Therefore, he requires your support ^{with} ~~and guidance~~ regarding his music therapy. Please note, he ^{regular} ~~has hobbies of music and used to sing in a choir a year ago.~~

③ Regarding his social history, he is a retired bank clerk and lives alone in a single room ⁱⁿ boarding house. He has 2 son but ^{they} ~~do not~~ visit him and ^{he} has 2 friends who visit him ^{occasionally.}

Please record your answer on this page.

(Only answers on Page 1 and Page 2 will be marked.)

4 ~~occasionally~~ Today, he was visited by an old male friend who cheered up him and he was talking with fellow residents about world war second story. The good news is he ~~had~~ given consent for music therapy and ~~shared about history including medication.~~

→ sessions and to share his medical history.

3 Following his discharge, he is a heavy drinker as he drinks 3-5 units per day and had alcoholic dementia since dementia for which he is taking thiamine 200 IV and hepatic cirrhosis since 2019. Therefore, he requires close monitoring in his diet as fruits and vegetables are mandatory to him. Kindly note, he would prefer only male staffs.

→ inaccurate!! (not a hospital case!!)

5 In light of the above, I will appreciate your help and support to Mr Vanov. If you have any queries, do not hesitate to contact me.

Yours Sincerely,
Senior Nurse

→ should go in the social/medical history paragraph.

$$\textcircled{+} = \frac{320}{500}$$

* Improve inaccuracies marked in RED!!

* Improve paragraph logical order!!
