22 January 2018

The Lyndsey Surt
2 Central Hospital
London
EC1 1NG

Dear Ms. Jo Johnson

Re: Mr. Michael Collins Age: 78 years

① I am writing regarding Mr. Collins, who has been admitted in our hospital for a long time due to left Cardiovascular Accident (LCVA) and right side hemiplegia (paralytic). He is being discharged today. Your further care, monitoring and assistance would be appreciated.

② Mr. Collins was admitted in our hospital on 2 August 2017, he was diagnosed with LCVA (stroke) ^{leading to} right side hemiplegia (paralytic). His treatment started along with intensive physio ^{therapy} course which continued ^{on a} daily basis. Despite this intensive ^{physiotherapy} and occupational therapy his progress ^{is still} slow. He started mobilizing slowly with the help of frame ^{and can feed himself}. However, he still ~~cannot~~ ^{cannot} feed self and also requires assistance while dressing, toileting and transferring in and out of bed. During ^{his} hospitalization he ^{developed} ~~shows~~ symptoms of mood swings such as ~~tearfully~~ ^{angry and happy} suddenly. Recently he ~~does not~~ ^{is still} have family support, he refused ~~to transfer to nursing home also~~ ^{(X linker)!!}

④ According to ^{Mr. Collins} his medical history, he has had lactose intolerance and ongoing hypertension for which he ^{is} commenced ~~with~~ medications such as Warfarin and Lisinopril. He was a

Not necessary!!

He is a retired fisherman ~~now he~~ lives with his wife but she is also ~~not in good condition to take care of him fully.~~ ^{what was epilepsy?} His 2 sons live far away.

(5) According to his discharge plan, Mr. Collins requires physio 3 times in a week ^{and} assistance during transferring in and out of bed. He also needs help with maintaining his grooming and hygiene ^{and his coping ability at home.} Please monitor his medications ^{and his wife's health status} regem. I hope this will be manageable for him from you. Please also monitor him at home regarding his coping mechanism. I would also like to request you to re. refer him to hospital immediately if necessary.

If you have any queries, please do not hesitate to contact me.
Yours sincerely
Nurse

needs monitoring as well.
Please re refer him to hospital if necessary.

(*) Write with accuracy and clarity if you want a higher score!
S. .

(3) Based on his slow improvement, his family was suggested to transfer him to a Nursing care home, but they refused. Therefore, an OT home assessment was done at his home. Various assistive devices were installed in his home.
